PETER CHOW

UX Architect | Product Innovation, Discovery & Experience Design
Human-Centred Design & AI-Enabled Transformation

peterchow@mac.com | linkedin.com/in/ptrchw/ | +65 9790 0010 | Singaporean

SUMMARY

UX Architect with 20+ years across digital consulting, fintech and enterprise transformation. Expertise spans human-centered design, product discovery and delivery. Led the UX and business analysis work-stream within a S$10M government transformation programme and reduced time-to-market by 25% at a fintech company. Established AI-assisted delivery practices, combining customer insight with rapid prototyping to shape digital solutions. Brings this foundation to user experience, product innovation and AI-enabled transformation roles across ICT, consulting, product companies and startups.

KEY SKILLS

- **Experience & Service Design:** User research, usability testing, human-centered design, design systems, UX governance
- **Product Discovery & Innovation:** Opportunity framing, rapid prototyping, concept validation (desirability, viability, feasibility)
- **AI-Enabled Transformation:** AI-assisted delivery practices, human-centered design of AI-enabled workflows and services
- **Workshop Facilitation:** Design sprints, discovery workshops, Design Thinking
- **Delivery & Change Management:** Agile/Scrum (CSPO, CSM), Waterfall, change management planning

WORK EXPERIENCE

User Experience Architect | NTT DATA

07/2025 - 07/2026 | Singapore

- Led the UX and Business Analysis work-stream on a S$10M government digital transformation programme, hiring and directing a four-person team of UX Consultants and Senior Business Analysts across requirements gathering, rapid prototyping, usability testing and change management planning.
- Introduced AI-assisted delivery practices across the team, using generative AI to accelerate planning, requirements analysis, documentation and prototyping, cutting turnaround time by 25%.
- Partnered with executive stakeholders throughout the pre-sales and consulting lifecycle — leading discovery, ideation, proposal development and client engagement to shape transformation opportunities and drive business growth.

Senior Innovation Consultant | NEC Asia Pacific

10/2022 - 05/2025 | Singapore

- Headed Experience Design for the Energy Market Authority's (EMA) S$8.1M digital modernisation programme, managing and mentoring a seven-person team of UX/UI designers, business analysts and developers alongside third-party vendors.
- Drove research-led design of four public-facing platforms, including a corporate website transformation, an e-licensing portal for 15,000 energy entities, an internship portal for 1,500 applicants per cycle, and a global conference site with ticketing and payments.
- Established UX governance, design systems and integrated workflows that strengthened quality control, and delivered training in Agile Ways of Working, Design Thinking and UX Design to build client-side capability.

Head of Academic Delivery | Skills Union (EdTech)

09/2020 - 07/2022 | Singapore

- Led academic direction and delivery for professional programmes in UX Design & Product Management, Software Development and Digital Entrepreneurship, in partnership with Nanyang Technological University (PaCE@NTU) — a portfolio worth approximately S$7.5M in programme revenue.
- Directed a delivery team of 20 full-time and adjunct instructors across cohorts, serving 700 adult learners with an average NPS of +54, a 94% completion rate and 84% job placement within six months of graduation.
- Built and mentored high-performing instructional teams through talent acquisition, capability development, coaching and performance management, while establishing streamlined delivery processes and reporting across programmes.

Head of UX Design | Decision Science

09/2019 - 02/2020 | Singapore

- Established and led the UX consulting practice, setting delivery standards and Agile ways of working across digital product and experience engagements.
- Led user research and product design for clients including Temasek Polytechnic (S$500K+), Nanyang Polytechnic, and Great Eastern.
- Advised executive stakeholders across insurance, education and the public sector on digital transformation, new product opportunities and customer experience improvement.

Digital Growth Lead & Trainer | Schmangotango Digital

06/2017 - 09/2019 | Singapore

- Ran a digital marketing and training practice, managing S$100K+ in campaign spend for a 4.5x return and training business owners across Singapore, Hong Kong and Australia, before refocusing on product and experience design.

SVP, UX & Creative Services | Fastacash (FinTech)

08/2015 - 04/2017 | Singapore

- Led product innovation and design for P2P and P2M social payment platforms across APAC and EMEA, facilitating discovery workshops with partners and delivering 10+ key partner projects contributing over S$5M in revenue.
- Reduced time-to-market by 25% through improved design process and cross-functional coordination between product, engineering, commercial and QA teams.

Managing Partner/CD | Moophstudios LLP (Interactive)

01/2003 - 08/2015 | Singapore

- Founded and grew a regional digital experience consultancy over 12 years, with full P&L responsibility, serving 30+ clients across three geographies, including Fortune 500 companies, government agencies and non-profits, and delivering S$5M+ in total project value.
- Built and scaled a multidisciplinary practice spanning UX, design, technology and client services.
- Spearheaded enterprise digital platforms, CMS transformation programmes and multilingual regional deployments for clients including Sony, Nikon, Avery Dennison, Bosch, GIC, MAS and NLB, winning international awards including the W3, Communicator and Interactive Media Awards.
